

Through the special frame design, the table can easily be stacked from the front

Seamlessly juxtaposing (despite stackability)

Stacking rack with sat-chel hooks on both sides

Durable seamless lasered edge

Optional: mobile with 2 castors

1-seater 70 x 50 cm

On account of the unique frame design, the tables are stackable and can be seamlessly placed side by side. The countertop is sealed with a durable seamless lasered edge.

Optional: A2S-O-DUR edges or Woodmark surfaces. The frame is made of micro alloy steel and is scratch resistant and powder coated and can be optionally equipped with 2 castors.
